### A HANDBOOK OF ECONOMIC ANTHROPOLOGY

Abstract. This chapter examines divorced British Asian couples with children, exploring whether they sustain contact with their former spouse in order to bring up those children jointly, whether they have further children or acquire stepchildren from their new partners, and the family configurations that ensue in the long run.

'In this creative book, Janet Carsten unsettles and reorients our traditional ideas about kinship. Through her deep understanding of kinship theory and comparative eye, we see kinship as it is made in shared experience, and interwoven with concepts of the house, person, gender, nationality, and new technologies.

### Bloomsbury - Ethnography

The concept of nurture kinship in the anthropological study of human social relationships highlights the extent to which such relationships are brought into being through the performance of various acts of nurture between individuals. Additionally the concept highlights ethnographic findings that, in a wide swath of human societies, people understand, conceptualize and symbolize their relationships predominantly in terms of giving, receiving and sharing nurture.
