Feynman's Rainbow - Richard Feynman

Feynman's Rainbow: A Search for Beauty in Physics and in Life. The Grand Design (unabr.) The late Nobel laureate Richard Feynman has been virtually canonized as the People's Physicist--an earthy, bongo-playing free spirit who delighted in puncturing the pomposity of the establishment.

Feynman's Rainbow offers insights into what drives us to succeed and what compels us to search after new information and new discoveries. For students of physics, Feynman's Rainbow will validate and enthuse, but even for those who know very little about the hard science itself, this book provides enough science to pique the curiosity and enough human drama to satisfy the soul.
