Small House Plans. Our small house plans are 2,000 square feet or less, but utilize space creatively and efficiently making them seem larger than they actually are. Small house plans are an affordable choice, not only to build but to own as they don't require as much energy to heat and cool, providing lower maintenance costs for owners.

Small House Plans You'll Love | Beautiful Designer Plans

In houses that have a brick veneer, the load-bearing support for the walls and the roof come from the wood frame, and in effect, the wood frame is what holds the brick veneer up. The brick is attached to the house by metal ties. Brick veneer is not installed directly to the side of a house.

2020 Average Cost to Brick a House (with Price Factors)

Never being able to afford a brick home I have found some smaller brick homes that will fit our needs as a retired couple wanting to downsize and are now within our budget. Sure they are older homes but we have seen brick homes built in the late 40's and 50's that still have an exquisite exterior appearance.
